## PROJECT

### RESPONSIVE PORTFOLIO WEBSITE

Technologies used: HTML and CSS

For my project, I designed and developed a responsive portfolio website using HTML and CSS. This project highlights my ability to create a professional and adaptable web presence that works seamlessly across different devices, from desktops to mobile phones. The portfolio showcases my technical skills, personal projects, and work experience, with a focus on clear layout, intuitive navigation, and a responsive approach. Through this project, I honed my skills in front-end development, ensuring the site delivers an optimal user experience across varying screen sizes.
